Dear Mr. Lazar

This is in response to your 26 February 1999 Freedom of Information Act (FOIA) request, which was submitted to the Federal Bureau of Investigation (FBI). Information originated by the Air Force Office of Special Investigations was found in their agency's files. Their letter, transmitting your request and the documents in question, was received on 23 May 2002, for a review and release determination. AFOSI FOIA # 620 was assigned to your request. We are sorry that you had to wait so long to receive this information, but we are currently experiencing an unusually heavy workload, which has created a longer than normal backlog. We appreciate your patience.

HQ AFOSI/DOQ had conducted a mandatory declassification review of the reference documents, in accordance with Executive Order 12958 on 22 December 2003. As a result of that review, the referred information was declassified to unclassified information available for release.

Portions of the information requested are exempt from disclosure to you. We have inserted notations in the attached documents to identify the portions deleted and the reasons therefore. The notations are explained as follows:

a. "b6" indicates the withholding of information contained in personnel, medical, and similar files or information that applies to a particular individual for which we have determined there exists a privacy interest that generally and categorically outweighs any public interest in disclosure that the Freedom of Information Act would authorize. As recognized in federal statute and case, the type of information that this generally requires to be withheld includes the names of government employees and law enforcement agents; personal data information such as Social Security Numbers, signatures, personal addresses (including email), and telephone numbers; medical and criminal history information; and most identifying information on persons forward deployed, overseas, or assigned to sensitive or routinely deployable units. The authority for this exemption may be found in United States Code, Title 5, and Section 552(b)(6) and in the federal court cases interpreting that statute.

17 APR 04 PM 1:55

b. "b7C" indicates that withholding of information contained in law enforcement records, the disclosure of which could reasonably be expected to constitute an unwarranted invasion of personal privacy. As recognized in federal statute and case law, the type of information that this generally requires to be withheld includes the names of subjects, witnesses, and "non-confidential" informants of law enforcement investigations; the personal data or identifying information of any third party that is detailed within a law enforcement investigation; and the names of law enforcement personnel unless it is determined that there is a public interest in the release of a particular law enforcement individual's name with respect to a particular law enforcement investigation is recognized. The authority for this exemption may be found in the United States Code Title 5, Section 552(b)(7)(C) and in the federal court cases interpreting that statute.

Should you decide that an appeal to this decision is necessary, you must write to the Secretary of the Air Force within 60 days from the date of this letter. Include in the appeal your reasons for reconsideration and attach a copy of this letter. Your letter and envelope should be clearly marked "Freedom of Information Act Appeal." Address your letter as follows:

Attached for your information are photostatic copies of a letter dated 31 October 1956 and the foreword of a book authored by Subject, which were received from our Directorate in Europe. The source of this information is unknown at this time; however, information as to the source has been requested and will be furnished to your Bureau upon receipt.

Files of this Directorate contain no record of Subject; however, the files of our Directorate in Europe reflect that on 3 September 1952 Subject, as a guest of the city of Hannover, Germany, gave a lecture to approximately three hundred and fifty young Germans at the Haus Der Jugend (Youth House). Subject described himself as an American citizen of German birth. The speech was described as a shocking, violent pro-Nazi attack on democracy in general and on British democracy in particular.

Dear Mr. [REDACTED]

Before leaving, I have ordered my nephew Alfred KOCH, Frankfurt  
am Main, Humboldtstrasse 79II, to send you a copy of my anti-communist  
book "The World Hoax". You should receive it within a matter of days.  
After my arrival in New York, I will try to send you a copy of each  
of the following:

- (1) The Morgenthau Plan (1944)
- (2) KAUFMAN's "Germany Must Perish" (1940)
- (3) The correspondence carried on between Roosevelt and Stalin  
(1943) in which Roosevelt promised to leave the Kremlin a  
free hand in Central Europe.
- (4) Senator NEYE's press statements, in which he declared that  
for every dollar which Germany spent in order to keep America  
out of the war, England spent a million dollars in order to  
get the USA into the war. (Just as in 1916-1917!!!).

At the present time I am highly interested in details about the  
German construction and development engineers of jet fighters who were  
forced to improve the Mig planes of the Soviets. I would also like to  
find out when and where the snorkel sub-marines were developed. Thirdly,  
I want to know all the details about radar laboratories and shops.  
Fourth, I am interested in all reports about uranium mining, when, where  
and how uranium is found and which methods are used to extract it from  
the ground. Fifth, I want to know all about the manufacturing of automobiles.

and the general development of industry in Russia through German scientists  
Location and name of all plants in question are of importance to me.

I don't think it is necessary to emphasize again how important all these details are to me. But it is essential that the scoundrels who are responsible for all these crimes by agreeing to the division of Germany are exposed before the world. As soon as England and the U.S. begin to realize how much the aims of Morgenthau and associates endanger their military and economic security, we can hope that authorities will take appropriate steps.

## THIS BOOK

Introduction by  
WILLIAM DUDLEY PELLEY

CONSIDER this book to be one of the most damning indictments of a people ever penned. With each month that passes, a hundred manuscripts arrive in my printing house with requests that they be read for possible publication. Nine tenths of them concern what some individual merely *thinks* about this or that.

Of a day in November the manuscript that is the text of this volume came to hand in the mail.

Its author, I knew, was a zealous young German American who had given good testimony to his integrity and intestinal vigor in combating the advocates of Jewish Communism during the Conference of Christian Ministers here in my home city in 1936—when the Jewish rabbis insisted they be allowed to participate or the conference would not be "allowed."

I started to read what he had written, in an attitude of criticism. I have gone into this question of Jewish sponsorship of Communism so deeply that when a contemporary writes upon the subject, I am cast perforce upon a sort of defensive. "Does this would-be author know more about the subject than I think I do?" is the standard I set up—and the first ten pages have to indicate to me that he does, or the manuscript is returned to him with regrets. I would ultimately do a better job myself. I had not read five pages of Ernest Elmhurst's manuscript before I had forgotten my critical attitude. I forgot as well that I was reading a manuscript submitted to my printing house for national publication.

Ernest Elmhurst had done the thing that I had hoped to find time to do—sooner or later—myself. He had assembled and produced the data in a readable story, which showed irrefutably that Communism was not merely a crackpot program of undermining the Christian governments of the world with unworkable socialistic theories carried into practice.

The young man had scoured up the data in enthralling biographical form, attesting that Communism is world Jewry in action!

NOW I pride myself that I know something about Jews and Communism. In 1918 I found myself, by a trick of Fate, in Siberian Russia. I was a Red Triangle Secretary with the Japanese and Czech-Slovakian troops. I traveled 7,000 versts in that stricken country while Communism was "coming in" and thereby engaging the world's attention.

I came back from the Far East in 1919, feeling that no one could tell me anything about the practical effects of Yiddish Bolshevism. I had been on the ground and seen what I had seen. I knew the bloodglut from having smelled it!

Privately I knew that the whole dastardly mess was a Yiddish scheme to subdue the world's Gentiles and put the Jews as a race in commanding position throughout the earth.

After coming home from Russia I had spent a succeeding five years in the fleshpots of Hollywood, making moving pictures shoulder to shoulder with Jews. I knew that Jews as a race were no more capable of assuming charge of Christian civilization than a crowd of drunken Lithuanian sailors. They had no executive ability. They knew the price of everything and the value of nothing.

I suspected, however, ten to fifteen years in the past that they were financing and sponsoring Communism as a tool to evil and vindictive cohorts gave them an aggressive aim for exterminating Gentiles but chalking up responsibility to the world's underprivileged, seeking to win their "rights."

After working five years in the picture business in Hollywood,

## THIS BOOK

I felt I knew Mr. Jew "down to the ground." I had served a stiff apprenticeship in Jewish psychology and temperament.

When Herbert Hoover was rejected politically and the Roosevelt Administration came in, I had means of knowing in advance that the whole New Deal nonsense was Yiddish in origin, that an attempt was being made to actualize in my beloved United States much that I had seen transpire with my own eyes in Russia. I wrote in my publications and expostulated.

I knew that it would take a matter of years to arouse America and make her believe that she faced any peril. But when I could find no one to tackle this job of arousing her, equipped with the experience and the knowledge which I felt I possessed, I launched the SILVER LEGION!

I was determined to stop these apostate Jews from consummating in America, an unhallowed thing.

In 1934, some Jews of Manhattan got together a fund of \$15,000—so the story was current in Asheville—to finance a crack-down that should close my institution and put me behind bars to silence my writings on this most perilous of all menaces which the United States confronts. For seven months I had to fight for my liberty—all for the dubious privilege of telling America that the Rooseveltian New Deal was a farce from top to bottom, aimed at instigating Jewish Bolshevism by Relief Legislation.

Well, I won my liberty and returned to my avocation of revealing to the nation what Jews had every aspect of conspiring to do against us.

I launched the Christian Party. I refounded my printing house. I went into the Northwest and night after night faced big audiences in the public parks, declaring by word of mouth that the time was not far distant when the Roosevelt New Deal would be exposed as a Machiavellian Conspiracy to reduce our United States to the status of Jewish Russia.

But underneath it all, was this fraught thought: How might I get it across to Gentile America—asleep in its own tractability—that Communism is but World Jewry in action, planning to seize control of Christian civilization and dominate it in the in-

terests of anti-Christian Judah, reducing all Christians to the status of stricken kulaks?

Can you, therefore, in the light of the foregoing, understand my sudden exultation, that this chap Ernest Elmhurst, one of my most loyal Manhattan associates, had suddenly placed a complete book manuscript in my hands that irrefutably tied up Judah with the Communists' world-wide program?

**F**RANKLY, I read the complete manuscript of *THE WORLD HOAX* in one evening—at one sitting—though it took me far into the night. Repeatedly my dear lady called to me in my study, demanding to know why I did not come to bed. You know how wives are! I read Elmhurst's submitted book because it held my interest, convincingly, unflaggingly, till the last page had been reached.

This fine-principled young German had scoured the libraries of the world, the recent publications of both Christendom and Judah and compiled therefrom the devastating data and testimony out of the mouths of the Sons of Jacob themselves, that they were the instigators of this economic-political curse which had come upon the world and that on the whole they were somewhat proud of it.

Moreover, Elmhurst had presented his material in the pattern of mighty readable short biographies—telling the life stories of those outstanding Jews who have been so proudly responsible for this Gentile bloodlust that I had witnessed a fragment of, twenty years in the past, in disintegrating Russia. It was three o'clock in the morning before I reached my bed. Would I publish it? I would!

And now you, reader, are slated for the same scorching expose and revelation that came to me on that November night—you have in your hands an irrefutable bit of historical-biographical literature, exhaustively documented—proving to you what a lot of us have known from the first but could not get the badly hoodwinked public to credit: *There is no such thing as Communism!—there is only Judah's stirring up the world's lower*

## THIS BOOK

*brackets to pull her racial chestnuts out of the economic fires, that Judah may become triumphant over Christian culture and Christian civilization!*

**F**ROM New Year's to Christmas over the past five years I have had to stand up against the blistering castigation of being an American Nazi, an un-Christian Jew-baiter, a promoter of race hatred, a sponsor of tumult and religious persecution. All along I knew what my critics did not—that the Jews had an unhallowed Plan up their sleeves which they were subtly inflicting on Americans for the ruin of Christian civilization—but the audacity and inhumanity of it were too much to ask the good natured citizen to credit. Could I "lie down and keep silent," knowing this murderous thing was in process of consummation?

Was it un-Christian to make a doughy fight for the Right against the hordes of the strategizing anti-Christ? I had Christ, the Carpenter of Galilee, to point me an example.

Christ stood upon the street corners of Jerusalem and called these same Jews, murderers and liars—and the sons of murderers and liars—to their faces!

Good Christians seem to forget that Christ was the world's outstanding Jew-baiter and that the Sons of Jacob slew Him for His Nazism!

Why do not these maudlin condemners of Jew-baiters in the name of modern Christianity, repudiate Christ and have done with the whole of it?

I went to my printing house next day and wrote Elmhurst that I would publish his book. And the chief reason why I would publish it was, that there was something haunting about the story he had revealed. Its atmosphere would not leave me. I felt a weird impatience to have the book out and in the hands of the disquieted Gentile public. It so happened that a fine group of men came down from Warren, O., the next day to see me. They were some of those

Dear Sir:

Reference is made to letter from this Directorate dated 28 March 1957, Subject and file as above, transmitting photostatic copies of a letter dated 31 October 1956 and the foreword of a book authored by SUBJECT.

The letter dated 31 October 1956 was received from a Confidential Informant by our Directorate in Europe. SUBJECT visited the Informant, during October 1956. He allegedly advised the Informant he was traveling in Germany to obtain information which would be used by "influential persons in America who are presently preparing a 'white paper' exposing the supposedly surreptitious methods employed by the late President Roosevelt to enter the United States in World War II, and later, the secret negotiations that placed Soviet Power in Central Europe."

The Informant has requested that the information furnished to date be handled in a very discreet manner.

Any additional information received will be furnished your Bureau.

Sincerely,
